

# Egyptian Research Project Guidelines

**Assignment:** Research an Egyptian Pharaoh, God, or Goddess from the list. You must get approval from Mrs. Cohodes (2 max per Egyptian). Research and create a slide show, using 'Slides' in Google Classroom (use student gmail). You will present your slide show to your classmates on Cultural Day. You can read from your slide show, but you must practice beforehand, so your presentation runs smoothly. Make sure not to plagiarize and put the information into your own words (do not use AI to write your slide show). You must include a works cited page and you can use [easybib.com](http://easybib.com) as a formatting resource. You will need to design or purchase a costume and wear it on Cultural Day. I will also send out a Sign-up Genius for food items and volunteering on Cultural Day, as we will also have an Egyptian feast and craft stations for the students to complete. I have assigned due dates for picking their Egyptian person and submitting research notes to help students stay on track. Cultural Day is on October 31<sup>st</sup> and it is a really fun event for students.
